BHARAT ATF TQ DEX III

Bharat Automatic Transmission Fluid is a premium quality fluid engineered to maintain shear stability, offering excellent protection against viscosity breakdown. This ensures an extended transmission life, promoting durability and reliability.

Application:

Bharat Automatic Transmission Fluid is recommended for use in a variety of automatic transmissions, including Ford models from 1983 to 1996, GM models prior to 2005, and transmissions requiring Allison C4 and TES 389 specifications. Additionally, it is suitable for use in powerful shift transmissions, power steering systems, and hydraulic units, offering versatile performance across a range of applications.

Performance Benefits:

- Excellent thermal and oxidative stability
- Excellent cleanliness extending component life.
- Reduced oil thickening, maintaining transmission efficiency.
- Good low temperature fluidity enabling good gear shift quality at low temperatures.
- Friction durability to maintain transmission performance.
- Good wear control to maintain equipment life.
- Protect against rust and corrosion.
- Compatible with seals to protect against leaks.

Typical Data Specifications:

SR. NO.	CHARACTERISTICS	TEST	UNIT	RANGE
1	SAE Rating	-	-	ATF TQ
2	Performance Level	-	-	DEX III
3	Appearance	VISUAL	-	C & B
4	Kinematic Viscosity @ 40°C cSt	ASTM D445	mm ² /s	35
5	Kinematic Viscosity @ 100°C cSt	ASTM D445	mm ² /s	7.2
6	Viscosity Index min.	ASTM D2270	none	172
7	Flash Point COC °C	ASTM D92	°C	216°C
8	Pour Point °C max.	ASTM D97	°C	-46°C

***The specifications are subject to variations/development/customization.**
